

**PLANNING THEIR OWN TORNADO.** officials prepare for a storm warning drill in Southern Illinois. Planes are used as "tornadoes" to test communications systems in towns cooperating in the program. Spotters relay information concerning planes' location and direction of flight to a control center, which alerts other towns in the path. The network was set up after a series of twisters ripped through the area last December, leaving 15 dead and scores injured. Pictured at Southern Illinois Airport, near Carbondale, are A. Frank Bridges, left, of Southern Illinois University, area Civil Defense organizer; Kenneth Parrish and Elliott Ketring, Carbondale, Civil Air Patrol pilots; and Bob Bowen, West Frankfort, chairman of the Storm Warning Communications Committee. ## Council Canvasses Vote; Approves Contract to Repair Water Tower

Only Slight  
Changes Found  
In Vote Totals

The Harrisburg City Council last night canvassed the vote of the March 11 special election which named Lee Morse city commissioner to fill a council vacancy and found the official tabulation gave Morse 1,537 votes to 923 for his opponent, Orval Hudnell.

The final totals gave Morse one more vote and Hudnell five less than the complete, unofficial totals announced the night of the election. The differences were in Precinct 2, where Hudnell received 67 instead of an announced 72 and where Morse received 180 instead of 189, as had been reported.

## Smallest Crop Acreage Planned In 40 Years

WASHINGTON (AP) — U. S. crops this year probably will be grown on the smallest planted acreage in more than 40 years—but that is no cinch farm production will be reduced.

The Agriculture Department reported Tuesday on farmers' planting intentions as of March 1. It estimated this year's crop will be grown on about 333 million acres, almost one million acres under last year's planting. And last year's low acreage produced a crop which tied the record production of 1955 and 1948.

The smallest planted acreage of record was 331 million in 1917. Production then was far off the output of 1957, 1956 and 1948. The department reported prospective corn plantings this year at 75,143,000 acres, up 1.6 per cent from last year. Under average yields this would produce a crop of 3,100,000,000 bushels. Smaller acreage last year produced 3,402,832,000 bushels.

Spring wheat plantings may total 12,600,000 acres, up 1.6 per cent from last year. With average yields, some 171 million bushels would be produced. Last year however, slightly smaller plantings produced about 240 million bushels. The spring wheat crop added to the previously estimated 906 million bushel winter wheat crop, would make an all-year crop of well over one billion bushels.

Oats acreage is expected to be 39,700,000 acres, 8 per cent less than last year. Barley may be planted on 16 million acres, down 3 per cent from last year.

Soybean prospective acreage at 24 million is up 10 per cent from last year.

### Dies at Broughton

Thomas J. Pennington, 65, died at 5:30 p. m. Tuesday in his home at Broughton. The body is in the care of the Gholson funeral home of Broughton and funeral plans have not been completed.

Next procedure is for Morse to provide the bond required of a commissioner to the city clerk who administers the oath of office. When the oath is administered and he receives his commission, he officially will be a commissioner of the city of Harrisburg.

Mr. Morse was not present at last night's council meeting.

The council last night unanimously approved the contract of the John H. Greenlee Elevated Tank Service of Cherry Hill, Ill., to clean, scale and paint both interior and exterior of the water tower on Cherry street, the work to start within 30 days.

The Greenlee bid was \$985. Other bids were received by \$1,025 by the Republic Steel and Tank Co. and \$690 by the Steelman Co. but the council liked the provisions of the Greenlee proposal best.

Any repair work that shows up during the inspection would come under another contract.

Final passage was given to the city's street lighting ordinance and agreement with the Central Illinois Public Service Co. The agreement was read at the last meeting and was placed on file for action last night.

## Fire Damages Fred McDermott Home

Fire resulted in considerable damage to the Fred McDermott home on Missouri street last night.

The fire department made the run to the fire at 9:40 p. m. Fire Chief L. G. Martin said defective wiring in the attic caught the roof afire. There was considerable fire damage to the room and water damage to the kitchen and living room.

## MINES

Sahara 5, 6, 16 and 2nd washer work. Carmac no report. Will Scarlett works.

## Next Vanguard Rocket to Carry Instruments, No Living Matter

WASHINGTON (AP)—Dr. John P. Hagen, director of Project Vanguard, said today a basketball-size sphere loaded with instruments— but no living matter—will be launched in the next Vanguard rocket.

The planned series of test launches using 6-inch baby moons like Vanguard I were reported work to proceed directly to the regular space experiments of the U. S. International Geophysical Year program, Hagen told United Press.

Only the 6-inch satellites had been adapted to carry yeast and telemeter reports about it. There fore, he said, the decision meant the abandonment of plans to put this primitive form of life into space and check on its reactions to gravity-free condition, cosmic radiation and other features of space travel.

The first full-scale Vanguard satellite launching from Cape Canaveral is expected in two or three weeks. It will be designed primarily to measure solar radiation in short-wave lengths.

## Gets Scholarship For Study to Train Retarded Children

**Darrell Quick**  
(J. R. Metcalf Studio Photo)

Darrell Quick, son of Mr. and Mrs. Orval Quick of Harrisburg Rt. 2, has been awarded a scholarship by the Saline County Association for the Mentally Retarded. It was announced today by Mrs. Elsie Dudley, vice-president of the association.

The scholarship provides for him to continue his study in special education for the training of mentally retarded children.

Quick is a graduate of HTHS, and is at present a sophomore at Southern Illinois University. He is married to the former Nancy Walker of Harrisburg.

## File Complaint Against Teresa Lewis in Shooting

Teresa Lewis, 39, who has admitted fatally wounding her brother with a shotgun outside her home in Carrier Mills, yesterday was charged with assault with intent to murder in a complaint filed by State's Attorney Robert V. Wilson.

Arraigned before Justice of the Peace O. L. Woods on the charge Mrs. Lewis waived preliminary hearing to await the action of the next grand jury. Her bond was set at \$5,000.

A half dozen more attempts to put 20-inch Navy Vanguard satellites, plus several Army launchings, are planned before the end of the year.

Hagen said one of the Vanguard satellites will be of a different geometrical design to test the earth's magnetic field. It will be made of plastic.

The tiny radio transmitters in Vanguard I were reported work being perfected today, delivering a clear signal to minitrack monitoring stations even from the highest point in the satellite's orbit.

Revised calculations of the orbit, released by the Vanguard control center today showed that the estimates issued immediately after the satellite's first swing around the earth were remarkably accurate.

It's apogee, or highest point, is now figured to be 2,466 miles, its perigee 404 miles above the earth. It circles the globe in 134 minutes in a belt 341 degrees north and south of the equator.

## Mount Vernon Trucker Killed

FAIRFIELD, Ill. (AP)—Orville Lee Chapman, 26, Mount Vernon, was killed early today when his truck crashed into a bridge six miles west of here.

Police said there were no skid marks and that Chapman, a candy truck driver, apparently fell asleep at the wheel. He was alone in the truck.

## Saline Regular Demos Sponsor Meet Thursday

The first of a series of regular Democratic county organization meetings in southern Illinois' 25th Congressional district's all-out war against the infant Democratic Federation of Illinois is scheduled for Harrisburg Thursday night at the court house.

Although not billed as such, L. Oard Sitter, of Anna, chairman of the Egyptian Democratic club and Democratic state central committee from the 25th district, has announced that two meetings to be held this week will open the fight against the Federation clubs that were founded by Steve Mitchell of Chicago, former chairman of the Democratic National Committee.

The Chicago Mitchell is not to be confused with the Steve Mitchell who is chairman of the Saline County Democratic Central Committee, which is sponsoring the meeting in Harrisburg Thursday at 7:30 p. m.

### Regular Democratic Rallies

Sitter has described the meetings, which are aimed at crushing any bid for party machinery control by the Chicago Mitchell's clubs, as regular Democratic rallies for candidates.

"We don't feel that we need anyone coming down from Chicago to tell us how to handle our own affairs," Sitter said.

At the Harrisburg meeting, Paul Madison, state central committee man from Table Grove will be the principal speaker.

The second meeting of the series will be held at Herrin Friday night at a rally to be held under direction of Omer Sanders, Williamson county committee head.

Rep. Paul Powell of Vienna will be the principal speaker, and that rally will hear also Joseph Lohman, sheriff of Cook county, slated for State Treasurer, and George T. Wilkins of Edwardsville, slated for State Superintendent of Public Instruction.

Sitter denied the rallies were organized because the Federation clubs were growing in strength in southern Illinois. He said he had no first-hand knowledge of any activity by this group.

"I heard by the grapevine that an effort had been made by some disgruntled people in Saline county to try and organize a club to bypass the regular party machinery," he said.

(No such indications have been in evidence locally.)

## Township Assessors To Meet March 21

The annual meeting of the township assessors of Saline county will be held at 9 a. m. Friday, March 21, in the court house, it was announced today by Maynard Cannon, county treasurer and collector.

Mr. Cannon said that a representative of the State Department of Revenue will be present to talk to the assessors.

## The Weather

Illinois: Partly cloudy south, mostly cloudy north tonight and Thursday. Few brief periods of rain or snow extreme north mainly on Thursday. Not much change in temperature. Low to night 24-32. High Thursday near 50 extreme south.

## Benson Told To Encourage Electric Loans

Projects Financed In Part by Federal Loans and Grants

WASHINGTON (AP) — President Eisenhower loosened the Treasury's purse strings today in an effort to speed job-producing work on \$2,255,000,000 worth of public housing and rural electrification projects.

He directed Housing Administrator Albert M. Cole and Agriculture Secretary Ezra T. Benson to do their utmost to accelerate work on projects financed at least in part by federal loans and grants.

The total construction he is trying to speed up includes:

75 million dollars for sewer and water projects and similar public facilities.

300 million dollars for college housing.

One billion dollars for slum clearance and urban renewal.

140 million dollars for public housing.

740 million dollars on rural electrification.

### Public Facility Projects

All told the federal government will put up 133 million dollars in direct grants for the time being. It will provide \$1,389,000,000 in loans which would have to be paid back by local communities. The balance would be put up by the local governments.

Benson was told to encourage Rural Electrification Administration borrowers "to accelerate necessary construction... under already approved loans" totaling 740 million dollars.

The President also directed Benson to encourage additional loans for installation of electrical services for farm and rural homes.

Budget Director Maurice H. Stans was directed to release 75 million dollars for loans to finance construction of such public facility projects as sewer and water systems.

In granting loans from this fund, the President told Cole that "preference should be given to loans for projects ready for immediate construction."

### Review Public Housing

"You should launch a vigorous program to expedite construction on some 300 million dollars in college housing loans on which planning is complete or substantially under way," the President said.

## Death Takes Mrs. Andy Kevish, 57; Funeral Friday

Mrs. Margaret Kevish, 57, wife of Andy Kevish, died in her home 105 South Shaw street, Harrisburg at 4 p. m. Tuesday following an illness of two years' duration. She was born August 20, 1901, in Hungary and was the daughter of the late Alador and Elizabeth Bardos. She had lived in Harrisburg since 1912.

Funeral services will be held in the Gaskins funeral chapel at 9 a. m. Friday with Rev. T. G. Bruns officiating. Burial will be in the Sunset Lawn cemetery.

In addition to her husband Mrs. Kevish is survived by her son, M/Sgt. Joe Chonko, Rantoul; her daughter, Mrs. Irene Eiche, Rock Island, and one grandchild, Helen Lynn Chonko. She is also survived by her brothers and sisters as follows: Mrs. Gilbert Ratley, East Chicago, Ind., William Bardos, Harrisburg, Mrs. Stanley Forcht, Gary, Ind., Mrs. Gene Stone, Harrisburg, Mrs. Hugh Carey, Woodstock, Ohio, Joe Bardos, Whit ing, Ind. One brother, Steve Bardos, preceded her in death.

## Army to Draft 13,000 in May

WASHINGTON (AP) — The Army will draft 13,000 men in May, the Defense Department announced today.

This is the same monthly figure set for draft calls since February. The Army plans to continue at the 13,000 monthly draft level for the remainder of 1958.

**BURNED TO THE GROUND**—The home of Mr. and Mrs. Cecil Flannell, Ledford, was completely destroyed by fire this morning. The Flannell family left home early today for St. Louis and had not been located to be informed of the disaster at noon today. Neighbors noticed the flames about 10:30 a. m. and stated the fire apparently started in a back bedroom. A few pieces of furniture were carried out, but all the heavy electrical appliances were destroyed. Mr. Flannell is in the trucking business and his two large trucks apparently were not damaged. (Daily Register Staff Photo)

## Publisher Gives Extra Pay to Offset Recession Talk

BANNING, Calif. (AP) — The publishers of The Banning, Calif. Record-Beaumont said today they are putting an extra \$5 in each employee's pay envelope this week to offset recession talk.

An admonition accompanied the extra \$5 which states in part: "Use this extra money to buy something you've been wanting but for some reason haven't thought you could afford right now. Take your wife out to dinner. Buy a rib roast when you'd otherwise have had hamburger for dinner."

Publisher Max Wihnyk said that to show things are better than ever, the pay this week also would be made in silver dollars.

## SII to Hold Dinner Meeting Here Monday

The regular monthly meeting of Southern Illinois Incorporated, a group organized to bring industry into southern Illinois and which has offered and given considerable help to this immediate area the past several weeks, will be at the Kurto country club east of Harrisburg at 6:30 p. m. Monday.

It will be a dinner meeting and all who desire to attend should contact Elmer Grisham for reservations. He may be reached at Clearbrook 3-7955 during the day or at his home, CL 3-6049 in the evening.

The job of bringing industry into southern Illinois, ways to approach the job and what already has been done and is being done in the industry picture will be discussed.

Mr. Grisham said he is especially desirous of having a good representation from Saline county at the dinner meeting.

## Back In Jail After Release from 6 Months' Sentence

Michael Paulus, 19-year-old Bremerton, Wash., youth who was released from the county jail yesterday morning after serving a six months' sentence, was back in jail again last night.

Paulus is the youth who walked into a home in the north part of Harrisburg, went straight to a bedroom and went to bed and who was removed from the bed by officers who were called.

After being released, he said he was leaving this part of the country. Instead, he rented a room in Harrisburg, then was picked up in an intoxicated condition by Deputy Sheriff Charles Donelson in Eldorado last night and brought to the county jail.

## Addresses Farmers Union

## Truman Predicts Benson Will Cost Republicans Elections

DENVER (AP) — Former President Truman predicted Tuesday night that Secretary of Agriculture Ezra Taft Benson will cost the Republicans the elections in 1958 and 1960.

In a speech before the National Farmers Union, the nation's top Democrat bitterly attacked the Eisenhower administration's foreign and economic policies.

Truman deviated from his prepared text repeatedly to blame President Eisenhower and the GOP for skidding farm income, soaring consumer prices, the recession and a "total record of failure" in international affairs.

The former Chief Executive scolded his farm audience for their "present predicament."

"If you farmers make that mistake again (of voting Republican), I don't care what happens to you," he warned.

But Truman said he thought "farmers have learned their lesson."

"They voted for Ike and got Ezra," he said. "And after five years of Ezra Taft Benson, there are very few American farmers who have not come to their political senses."

## Gives Version of Dispute

## Kohler Company Charges It Was Subjected to Reign of Terror

WASHINGTON (AP)—The Kohler Co. of Sheboygan, Wis., charged today that the United Auto Workers subjected it to "a reign of terror one would have thought possible only behind the Iron Curtain."

The company's version of its bitter 4-year-old dispute with the UAW was presented to the Senate Rackets Committee in a 50-page statement by Lyman C. Conger, chairman of the firm's bargaining committee.

Conger told the senators that "this reign of terror proceeded according to plan, the standard plan of the UAW-CIO." He said that "what has happened to this peaceful community will happen to any community that dares to disagree with the dictates of this all-powerful oligarchy."

He testified as the committee neared agreement on a report critical of both labor and management which will recommend several legislative steps to correct alleged abuses. The report is expected to be issued within a week.

### Committee Prepares Report

Chief Counsel Robert F. Kennedy has been conferring with Republican committee members on language to be used on several

But Benson alone shouldn't be blamed for the farmers' plight, Truman added.

He said he wouldn't be surprised to see "another Republican president" veto a farm bill this year. "Ike sounds more like an old-time Republican president every day," he said.

"Never before can I remember when we had skyrocketing prices to the consumer and a depression at the same time," Truman said. "It takes an administrative genius at the top of the government to accomplish that."

Truman blamed the administration's policy of "high interest rates and tight money" for the recession.

And, he said, the Republicans have been "just as wrong in foreign policies and defense policies."

Earlier, a dairy spokesman told the group that milk prices are too low in relation to the price dairy farmers must pay for their goods.

E. M. Norton, secretary of the National Milk Producers Federation, said his group is supporting bills to raise milk support prices.

But he said he expected such legislation would not be signed by Eisenhower if it is passed.

It was disclosed that the committee report will accuse officials of several unions investigated last year of misusing more than 10 million dollars in union funds. On management's side, it was said, there will be charges that some companies were in cahoots with labor leaders and used underhand tactics to fight unions.

Conger, Kohler attorney and its labor relations chief, reviewed the already told stories of violence and vandalism that swept Sheboygan in the early months of the strike. He charged that the union instigated the trouble when forced by a court order to halt mass picketing at the plumbing ware plant.

"Employees who dared to exercise their right not to strike," he said, "had their cars dynamited, their homes and cars wrecked with acid, and paint bombs thrown thru their windows, shotgun blasts thru windows and every conceivable type of terrorism."

## The WASHINGTON MERRY-GO-ROUND by DREW PEARSON

DREW PEARSON Says: Col.  
Gordon Moore has Irish stallion  
given or loaned by Texas oil-  
men; Ike's brother-in-law ac-  
quires Virginia racing stable;  
Labor leaders feel Ike doesn't  
take slump seriously enough.

WASHINGTON.—One of the in-  
teresting, hitherto undisclosed de-  
velopments in the life of Col. Gor-  
don Moore, the President's brother-  
in-law, is the prize Irish stallion on  
the Moores' week-end farm in the  
fox-hunting country of north-  
ern Virginia. The stallion is Les-  
lie Boy and is valued at \$65,000.

Leslie Boy was either given or  
loaned to Col. Moore by the Clint  
Murchison racing stable. Murchi-  
son is one of the biggest oil and  
gas men in Texas and one of the  
leading advocates of a natural gas  
bill, which the President has pub-  
licly supported.

While it was known that Murchi-  
son has been on friendly terms  
with the White House, it was not  
known he was so friendly with the  
President's family as to give or  
loan a prize stallion to Col. Moore.

Leslie Boy was foaled in Ireland,  
sired by Royal Charger out of

Badoura by Colorado Kid. He was  
imported from England by the  
Murchison stables, arriving in the  
United States on Oct. 29, 1954.

The Murchison stables is the name  
given to the Murchison-Cain fam-  
ily stables, and Leslie Boy is reg-  
istered in the name of Effie Ma-  
rie Cain and Virginia Murchison.  
The latter is the wife of Clint Mur-  
chison, while Effie Cain is the wife  
of Wofford Cain, head of the South-  
ern Union Gas company, a Murchi-  
son subsidiary. Another, partner  
in the stable is Billy Byars, an oil-  
man of Tyler, Texas.

Efforts to reach Col. Moore, Mr.  
Byars, and members of the Murchi-  
son family were not successful.  
However, a spokesman for the  
Murchison interests said the horse  
was a loan. One employee work-  
ing on the Col. Moore estate, how-  
ever, described the stallion as a  
gift.

Jack Hall, overseer of Col.  
Moore's estate, refused to state  
how long the horse had been there  
or who the owner was. Asked if  
Col. Moore owned it, he replied:  
"I don't know. It's here."

"Was it a gift?" Mr. Hall was  
asked.

"I don't know. It's here. That's  
all I know."

The stallion has not raced be-  
cause he got a nail in one foot.

Col. Moore also has seven mares  
on "Holiday Hills Farm," which  
is a well-painted establishment  
with white wooden fences, two ten-  
ant houses, a master's house, horse  
barn, shed, silo, and a large pond.  
The farm appears to be about 400  
acres and shows signs of consid-  
erable investment. Residents of  
near-by Hillsboro, Va., said that  
the Moores had owned it for about  
five years and lived there week  
ends for about three years.

One of Col. Moore's horses, Hol-  
iday Admiral, was scratched at  
Bowie last week but is due to race  
again this week. Another horse,  
Holly High, was lost in a Charles-  
town claiming race.

If Leslie Boy is a loan he could  
be a very profitable loan; for stud  
fees on thoroughbred stallions run  
high. The near-by Middleburg,  
Va., Chronicle, in a great horse  
center, advertises stallions with  
stud fees of from \$3,000 to \$5,000  
per service.

Note: Shortly before Eisenhow-  
er entered the White House, Col.  
Moore was unemployed and was  
having difficulty meeting payments  
on his home. When Ike got nomi-  
nated, Col. Moore got a job at  
\$6,500 a year. After Ike was elect-  
ed, Col. Moore's fortunes zoomed.

### IKE LISTENS TO LABOR

AFL-CIO leaders were far from  
satisfied with the results of their  
publicized meeting with President  
Eisenhower. Two things irked  
them: Ike's insistence that econ-  
omic conditions were not as crit-  
ical as the labor chiefs contended,  
and a rather abrupt termination  
of the White House session.

After 35 minutes, Ike began  
shuffling some papers on his desk.  
The labor chiefs took the hint,  
though they had wanted to do some  
further sounding-out of the Presi-  
dent's tax-reduction ideas. It was  
obvious, however, that Ike didn't  
want to be sounded out, particularly  
on tax legislation.

"I am concerned about the pres-  
ent economic situation," he said,  
"but I am not alarmed by it."

This was a direct reply to a  
statement by AFL-CIO President  
George Meany that the country  
was rapidly heading for a worse  
recession unless immediate steps  
are taken to head it off.

Eisenhower maintained the gov-  
ernment was doing "everything  
possible" to stimulate business by  
public works and other measures.  
He added that he was not convin-  
ced, the labor leaders maintained,  
that conditions would become  
progressively worse. He said he  
was counting on a pickup within  
the next few months. However,  
if there were no signs of an up-  
trend within the next 30 days, he  
said, the government would con-  
sider some further measures.

### LESS WITHHOLDING TAXES URGED

"A tax reduction that would have  
the effect of immediately bring-  
ing down withholding taxes, to in-  
crease purchasing power, is the  
first and the most important step  
to be taken, in the opinion of la-  
bor," suggested George Meany.

David McDonald of the Steel  
Workers reported that 50 per cent  
of his members are either out of  
work or employed part time. Auto  
Workers Chief Walter Reuther ad-  
ded that auto production is down  
to 60 per cent of normal.

"Mr. President," said Reuther,  
"do you realize that 900,000 new  
automobiles are in storage because  
people do not have the money to  
buy them?"

"I can't understand why that  
should be when there is more mon-  
ey in savings accounts than ever  
before," replied Ike. "Why aren't  
those people with savings accounts  
buying automobiles?"

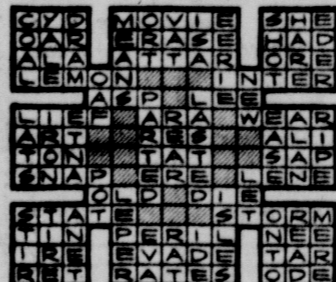

His callers didn't answer. Later  
one of them explained to a friend:  
"We just stared at Ike when he  
let go with that one."

A new highway bus is 60 feet  
long and has an accordion section  
in the middle that allows it to  
bend on the curves.

## Answer to Previous Puzzle

## Business Briefs

By United Press

The Treasury bill rate fell off  
again this week after a temporary  
rise last week. The average in-  
terest rate was 1.343 per cent,  
against 1.532 per cent last week.

Retail chain store sales in Feb-  
ruary continued to gain over year-  
ago levels but the gain was held  
to 1.6 per cent, lowest in 11  
months. For the first two months  
of this year sales were 3.6 per cent  
above the 1957 period.

Cities Service Co. reported its  
consolidated gross income last year  
at \$1,046,359,000 topped one billion  
dollars for the first time in its his-  
tory. However, profits declined re-  
flecting "price demoralization"  
and rising operating costs, the  
company said.

Aluminum Co. of America in-  
creased its sales last year but  
earnings fell substantially below  
1956. The company also reported  
it has delayed completion of some  
phases of the 600-million-dollar ex-  
pansion program it launched in 1956.

International Paper Co. announce-  
d it has acquired the Lord Balti-  
more Press Inc. of Baltimore thru  
an exchange of stock. Lord Balti-  
more custom designs and prints  
consumer packages and labels by  
lithographic and other processes.  
International is the world's largest  
paper-making organization.

lyn Edwards, Bobbie Gass, Ida  
Mitsdarffer, Jerry Moye, Jean-  
ette Reynolds, Kay Suttner; fresh-  
men: Anita Crawford, Jeannine  
Drone, Frances Edwards, Glenda  
Eubanks, Sharon Hish, Claris Led-  
better, Lavonne Mears, Chuck Var-  
ner.

## 36 Traffic Deaths in Week

SPRINGFIELD (UP) — The state  
Traffic Safety Division reported to-  
day there were 36 traffic deaths in  
Illinois in the past week, com-  
pared with 40 in the corresponding  
week last year.

The division said that through  
March 17 the state's traffic death  
toll was 101 lower than for the  
same period last year.

The 36 deaths reported in the  
past week included two late re-  
ports from Cook County and one  
from Henry County. The 33 other  
deaths were broken down by coun-  
ties thus: Cook 16, Knox 5, Liv-  
ingston and Kankakee 2 each, and  
Vermilion, Hancock, Alexander,  
Madison, St. Clair, Peoria, Bureau  
and McHenry 1 each.

## Science Shrinks Piles New Way Without Surgery

Finds Healing Substance That Relieves Pain,  
Stops Itching as it Shrinks Hemorrhoids

New York, N. Y. (Special) — For the  
first time science has found a new  
healing substance with the aston-  
ishing ability to shrink hemor-  
rhoids, stop itching, and relieve  
pain — without surgery.  
In case after case, while gently  
relieving pain, actual reduction  
(shrinkage) took place.  
Most amazing of all — results  
were so thorough that sufferers  
made astonishing statements like  
"Piles have ceased to be a problem!"  
The secret is a new healing sub-  
stance (Bio-Dyne) — discovery of  
a world-famous research institute.  
This substance is now available  
in suppository or ointment form  
under the name Preparation H.  
At your druggist. Money back  
guarantee.

\*Reg. U.S. Pat. Off.

## CHILI SUPPER

First Presbyterian Church

Thursday, March 20th.

4 to 8:30 P. M.

Also serve Ham Sandwiches, Potato Salad,  
Homemade Cake and Pie, Coffee and Cokes.

Sponsored by Friendship Sunday School  
Class — Building Fund.

## Annual Town Meeting

NOTICE IS HEREBY GIVEN to the legal  
voters, residents of the Town of Harrisburg, in  
the County of Saline and State of Illinois, that  
the Annual Town Meeting of said Town will  
take place on Tuesday, April First, A. D. 1958,  
being the first Tuesday of said month, at the  
hour of 2:00 o'clock P. M. at the office of the  
Town Clerk in the Court House in the City of  
Harrisburg, Illinois, for the transaction of the  
miscellaneous business of the said town; and  
after a Moderator having been elected, will  
proceed to hear and consider reports of officers,  
to appropriate money to defray the necessary  
expenses of the Town and decide on such meas-  
ures as may, in pursuance of law, come before  
the meeting.

Given under my hand at Harrisburg, Illi-  
nois, this 17th day of March, A. D. 1958.

Zola Young Sloan,  
TOWN CLERK

The Soldiers for Jesus Sunday school class of the Dorrisville Social Brethren church met at the church for its March social Friday. Rev. Earl Vaughn presided and the meeting was opened with a prayer led by Charles Braden. Roll call was answered with scripture verses beginning with the letter M. The second chapter of Acts was read and discussed.

Following the meeting there was a social hour with games and refreshments of pie and coffee. Those present were: Rev. and Mrs. Clifford Bennett, Rev. and Mrs. Earl Vaughn, Janice and Gerald, Mr. and Mrs. Gus Agin and Shirley, Mr. and Mrs. Arthur Holland, Mr. and Mrs. Charles Braden, Mr. and Mrs. Gene Wilson and Benny and Mr. and Mrs. Lewie Sweat, Gary and Stevie.

Mr. and Mrs. E. Bishop Hill have returned from a vacation trip to Edgewater Park, Miss., and other points along the Gulf coast.

## Social and Personal Items

**W.S.C.S. General Meeting Held in Methodist Church**

The general meeting of the Women's Society for Christian Service was held in the First Methodist church Wednesday. Mrs. L. B. Kimmel presided and the meeting was opened with a prayer led by Mrs. J. O. Hall. Mrs. C. E. Combe read the minutes and Mrs. C. E. Travis gave the treasurer's report. Mrs. James Gasaway, chairman of the nominating committee, gave her report.

The devotion, "Eternal Life at the Easter Season," was presented by Mrs. J. O. Hall and Mrs. Lolo Eddy showed and narrated a film sent from Nome, Alaska, about the hospital there, sent by Mrs. Opal Catlin, R. N., former Harrisburg resident.

Miss Linda Rude played "Heavenly Fantasy" on the piano. Announcement was made by the Naomi circle of a coffee to be held in the home of Mrs. F. M. Sullivan, 202 West Walnut street, Thursday from 9-11 a. m.

Following the benediction closing the meeting, Naomi circle served refreshments during the social hour.

Mrs. James R. Wyly, Great Neck, N. Y., and son, James Douglas, are visiting Mrs. Wyly's parents, Mr. and Mrs. C. R. Hine in Harrisburg. Mr. and Mrs. Hine will drive them to their home in Great Neck, leaving Harrisburg March 26, and will visit there for two weeks.

Mrs. Lee McGuire will spend the next two weeks in Park Forest, Ill., visiting her son, R. L. McGuire.

**PLANS JUNE WEDDING.** Mr. and Mrs. Ernest Brantley, Pontiac, Mich., and former Harrisburg residents, are announcing the engagement of their daughter, Miss Patricia Ann Brantley to Ted W. Boggs, son of Mr. and Mrs. Eugene Boggs of Michigan. Miss Brantley is the granddaughter of Mr. and Mrs. John Jones, 217 East Sloan street, and of Mrs. Lula Brantley, all of Harrisburg. Miss Brantley was graduated from the Eastern Michigan college and is a teacher in the Lake Orion school system. Mr. Boggs is employed by the Household Finance Corp. The wedding is scheduled for June.

**Hospital Notes**  
Harrisburg Hospital  
Admitted:  
Mrs. Eugene McConnell, RFD 4, Harrisburg.

## Calendar Of Meetings

The Galatia PTA will meet at 7 p. m. Thursday. Pete Gardner will speak.

The Ladies' Auxiliary of the Brotherhood of Railroad of Railroad Trainmen will meet in the Labor temple at 7 p. m. Thursday.

The Friendship Sunday school class of the First Presbyterian church is sponsoring a chili supper on Thursday, from 4 p. m. to 8:30 p. m. Ham sandwiches, potato salad, homemade cake and pie, coffee and cold drinks will also be served. The public is invited to attend.

The Dorcas club of the Salvation Army will meet at 1 p. m. Thursday in the hall at 512 West Locust street. Members are urged to attend and visitors are welcome.

The Liberty Baptist church is in a revival this week and will continue through next week. Rev. J. W. Duke is the evangelist and Earl Tanner is leading the singing. The public is invited to attend the meetings.

Pride of Arrow Rebekah Lodge 234 will hold a regular meeting at 7:30 p. m. Thursday. There will be a potluck dinner at 6 p. m. and district officers will be guests. All members are urged to attend the visitors are welcome. Verbie Wallace, N. G.

Regular meeting of Midway Lodge 942, IOOF, will be held Thursday at 7 p. m. All members are urged to attend. Visitors welcome. Harold Black, N. G.

The Carrier Mills Past Matrons club will meet Thursday, March 20, at noon for a potluck dinner at the Masonic temple.

**Births**

Baby girl, weighing six and a half pounds, named Martha, born to Mr. and Mrs. H. E. Mitenell Jr., Harrisburg, Sunday at the Pearce hospital. This is their third child.

Mr. and Mrs. W. K. Carson, Florissant, Mo., are parents of a boy born Saturday. The baby has been named William Douglas and weighed eight pounds, four ounces at birth. The mother of the child is the former Miss Peggy Black, Miss Saline county of 1953, and the infant is the grandson of Mr. and Mrs. Lloyd Billman, Eldorado. Mrs. Billman plans to fly to St. Louis from Marion airport Thursday to visit the new grandson.

Mr. and Mrs. Bobby John Jones, 927 West Barnett street, Harrisburg, are parents of a girl born at the Harrisburg hospital Tuesday. The baby has been named Cynthia Lynn and weighed six pounds, 13 ounces at birth.

**Mr. and Mrs. Earl Hicks Return from California**

Mr. and Mrs. Earl Hicks have returned from a recent trip to California. They visited their son's family, Mr. and Mrs. Kenneth Hicks at Alameda, Calif., where Mr. Hicks is with the U. S. Navy, and they also visited in Los Angeles with Mrs. Nellie Moss and her daughter, Oveda Dale, Mr. and Mrs. Harry Burklow and Mr. and Mrs. Charles Buchanan. They made many interesting

### Mount Vernon City Council Studies Water Plant Purchase

MOUNT VERNON, Ill. (UP) — The Mount Vernon City Council is considering possible purchase of the water plant here.

The council hired a Kansas City engineering firm Monday

night to make a survey on whether the purchase would be feasible and to see if bonds could be issued without raising present water rates.

The Illinois Cities Water Co. supplies Mount Vernon with water.

The Daily Register 30c a week by carrier boy.

RECENT VISITORS to Southern Illinois University were seven young European scholars chosen for a tour of U. S. university schools of business and private industry by the European Productivity Agency. Selected for the trip because they represent an "excellent cross-section of European thinking," the visitors are headquartered at Indiana University. Bringing them to SIU was Dr. L. L. Waters, Indiana University transportation expert. From left—Karl Heinz Berger, Germany; Egil Harestad, Norway; Gunter Flohr, Germany; Waters; Emile Vanlommel, Belgium; Yildirim Kiklis, Turkey; Bartolo Mardessich, Italy; Gianfranco Perilli, Italy, and Charles Rosenberg, marketing instructor at SIU. (SIU Photo Service)

### Thinking It Over

By Robert L. Dieffenbacher, D. D.  
(Written for NEA Service)

Life expectancy has been extended by many years with scientific development. Health giving diets, vitamins, sanitation and medical discoveries have prolonged the life span. We can now expect to live 20 or 30 years longer than our recent ancestors.

Are we using this longer life for the benefit of selfish desires? Somehow it seems futile to extend life while developing more tragic means of taking life. The bow and arrow, the sword and spear endangered young men who dared take up the deadly arms many years ago. Guns increased the possibility of violent death.

Atom bombs endanger millions of young folk and old alike who have never thought of fighting nor of killing people. The non-belligerents will increasingly become involved in future conflicts.

We should all do well to use the extra years of our lives to extend the kingdom of God. The world needs more love, more kindness, more forgiveness. We need more friendship and less of sin and less of destruction. We have some extra years. Let us use them well!

### Marriage Licenses

Glenn Gillespie, 43, New Burnside, and Laura Raley, 38, Harrisburg.

The idea of a drive-in theater with an individual screen facing each car was patented in 1956.

### Xavier Upsets Bradley, 72-62, Dayton Beats Fordham in NIT Games

NEW YORK (UP) — Confident was the word today for the two Ohio quintets that smashed their way into the semifinals of the National Invitation Basketball Tournament, but right there the similarity ended.

Xavier's upset kids were wildly happy, shouting about "sweet revenge" in the wake of their 72-62 victory Tuesday night that knocked defending champion Bradley out of the NIT quarterfinals at Madison Square Garden.

Dayton's top-seeded Flyers were calm and dead-serious after their hard-fought 74-70 victory over Fordham.

These victories send Dayton against unseeded St. John's and Xavier against third-seeded St. Bonaventure in the semifinal games Thursday night. The final round, which will be nationally televised, is scheduled Saturday afternoon.

"Bradley ended our season for us last year," said Xavier coach

Jim McCafferty. "No school can pick on us like that twice in a row."

Xavier trailed by one point at half time, then opened up a 42-31 lead midway in the second half. Bradley tried a full-court press—the thing that wrecked Xavier's nerves a year ago. It promptly backfired because Xavier scored a fast basket and just missed another. "A press seldom works the second time," admitted Bradley coach Chuck Osborne.

Dayton came from behind a 26-23 halftime deficit to win. Forwards Frank Case with 26 points and Don Lane with 21 led Dayton while Jim Cunningham had 25 for Fordham.

"We were terrible in the first half," said Dayton coach Tom Blackburn. "We were just standing around a lot of the time. We won't be able to do that against St. John's, which impressed me as a much better team than Fordham."

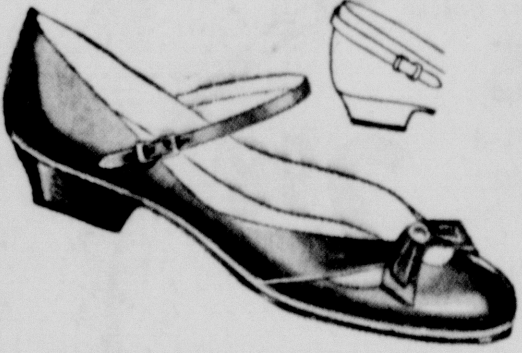

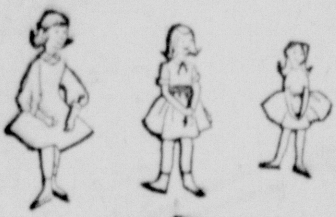

**Bow and Arrow**  
PLAIN CITY, Utah — (UP) — Rancher Ivan Hodson sought help from the sheriff after someone downed his 400-pound steer with a bow and arrow, "amateurishly" butchered it at the scene and had it away the hindquarters.

**No Room**  
NEW HAVEN, Conn. — (UP) — The key to room 44 of the Tontine Hotel was returned a bit too late. It wound up in the postoffice which was built on the site of the hotel which was razed 45 years ago.

**No Charm Needed**  
PORTLAND, Maine — (UP) — The city of Portland announced it would sponsor a weekly "charm school" for high school freshmen and sophomores. The program was canceled, however, when nobody showed up to take the course.

ANNUAL TOWN MEETING

Notice is hereby given to the legal voters, residents of the Town of Cottage, in the County of Saline, and State of Illinois, that the ANNUAL TOWN MEETING of said Town will take place on Tuesday, April 1, A. D. 1958 being the first Tuesday of said month, at the hour of 2 o'clock p. m. at Town Hall of Cottage for the transaction of business of the Town; and a Moderator having been elected, will proceed to hear and consider reports of officers, to appropriate money to defray the necessary expenses of the Town, and decide on such measures as may, in pursuance of law, come before the meeting.

Given under my hand at Town Hall of Cottage, this 18th day of March, A. D. 1958. JOHN EDD ALVEY Town Clerk 221-3

## CIPS Report Shows Increase In Industrial Use

Industrial activity in the area served by Central Illinois Public Service Co. continued on the upswing in 1957 according to the utility's annual report which is now being distributed to stockholders.

Large light and power sales, primarily to industrial customers, increased from approximately 961,000,000 kilowatt hours in 1956 to 1,017,000,000 the past year or about six per cent. The annual report showed that CIPS revenues from these sales have increased about 135 per cent since 1948.

A continued increase in the use of electricity by other customers also is evidenced in the report. Residential customers used 485,000,000 kilowatt hours in 1957, compared to 447,000,000 the previous year. The average use per customer was 174 kilowatt hours higher. Sales to small light and power customers, mostly commercial establishments, reached 268,208,000 kilowatt hours in 1957, an increase of approximately six per cent.

CIPS reported per share earnings of \$2.48, based on the 3,463,000 shares of common stock outstanding at the end of the year, compared with \$2.29 in 1956. Net income was \$9,652,141 — an increase of \$644,907 over 1956.

Operating revenues increased \$2,074,085 over 1956, while operating expenses increased \$1,883,240.

CIPS gas sales were up from 62,806,000 therms in 1956 to 70,603,000 — an increase of almost 12 1/2 per cent. About 1,900 additional firm residential space heating customers were added in 1957 as the result of construction of liquefied petroleum "peak shaving" facilities which now supply a substantial portion of the additional quantities of gas required on extremely cold days. Previously, it was necessary to reserve a portion of the gas available for resale to meet these abnormal requirements, the report said. CIPS serves 21 communities with gas in addition to the more than 500 provided with electric service.

The 1957 peak electric load occurred on the afternoon of Dec. 10 when requirements of CIPS customers hit 466,000 kilowatts — 18,000 more than the peak of 1956.

The Daily Register 30c a week

## James Mitchell, Retired Farmer, Dies at Junction

James Mitchell, 78, retired farmer who resided at Junction, died Tuesday at 3:15 p. m. His death was very unexpected and was due to a heart attack, occurring at the family residence.

A life-long resident of Gallatin county, Mr. Mitchell was born on Nov. 27, 1879, the son of James and Wilhelmina Heisman Mitchell.

On April 16, 1918, he and Miss Mattie McCabe were married. Mrs. Mitchell and two foster sons, Charles Morton and Raymond Crosley, survive. He also leaves two sisters, Mrs. Minnie Hauther, Evansville, Ind., and Mrs. Mose (Jennie) Kanady, Junction, also several nieces and nephews.

He moved to Junction following his retirement from the farm thirteen years ago. He was a member of Ringgold Presbyterian church, at which his funeral will be held Friday at 2 p. m. Rev. Roland Westervelt, assisted by the Rev. Edward Minor and the Rev. Gene Allen of Henderson, Ky., will conduct the funeral and burial will be at Logan cemetery.

His body was returned today to the family residence from Wright funeral home, Shawneetown.

## Gray Introduces Measure to Speed Highway Building

Illinois would receive an additional \$200,000,000 for highway construction this year and next on the interstate and ABC systems under legislation introduced in the U. S. House of Representatives yesterday by Cong. Kenneth J. Gray of West Frankfort.

Congressman Gray said this legislation already has been ordered favorably reported out of Senate Committee on Public Works for Senate action next week.

"Illinois Chief Highway Engineer Ralph Bartlesmeyer informs me that 25,000 new jobs would be created in Illinois this year with passage of the bill," Gray declared. "It further means that all of the section of the expressway from Marion south could be started this year and that portion from Marion north to Mt. Vernon could begin next year.

"All other road building would be doubled. Chances of congressional approval are good."

## Army to Place Defense Job-Making Contracts With Auto Industry

WASHINGTON (AP) — The Army announced today it will place about 100 million dollars in defense contracts with the depressed auto industry almost immediately.

Nearly all of the job-making contracts will be for production of military trucks and trailers in Illinois, Indiana, Michigan, Ohio and Pennsylvania plants.

Army Secretary Wilber H. Brucker said the accelerated procurement move would provide both the "purchasing of critically needed vehicles for the Army and at the same time help to relieve the unemployment situation."

## Eisenhower Orders Speed Up in Projects

(Continued from Page One)

The federal government would furnish a grant 133 million dollars toward the one billion dollars worth of slum clearance and urban renewal. Cities would have to raise the rest. The federal grant is for installation of public utilities facilities such as gas, electricity, sewer and water systems.

Cole was told to "take all necessary steps to assure" that the federal aid is available "when required and that the necessary construction is undertaken at the earliest feasible and appropriate time."

Cole also was directed to review the status of all public housing projects on which construction is not started and, "in cooperation with local officials, take all reasonable and feasible steps to see that any obstacles remaining are eliminated and the construction of such projects is promptly begun."

The federal government partially subsidizes such projects to make possible low rentals for the benefit of poorer families.

## Warns Against Tax Cut

The new administration move to check the recession came amid these developments:

—Sen. Harry F. Byrd, the Senate's leading foe of high government spending warned that if Congress passes a big tax cut the government may find itself saddled with a 15-billion-dollar deficit this year. Even without a tax cut, Byrd said, the government is "plunging pell mell" into multi-billion-dollar red-ink spending.

The President acted after conferring with his financial advisers and Cabinet members on measures to pull the nation out of the recession.

## On Caravan Route

Ancient silk and spice caravans crossed Aden Protectorate, 112,000 square miles of thinly populated tableland and desert which shares vague borders with Yemen, Oman and Saudi Arabia.

## House Passes Housing Bill

WASHINGTON (AP) — The House without debate today passed and sent to the White House Congress' first big anti-recession bill — a \$1,850,000,000 housing bill.

The measure is designed to create 50,000 new jobs by adding an estimated 200,000 houses to those which otherwise might be built this year.

It would make available \$1,850,000,000 in federal funds for channelling into housing mortgages.

It would permit the President to raise the interest rate on new GI housing mortgages to 4 3/4 per cent from the present 4 1/2 per cent. It would also permit a reduction in the minimum down payments required of home buyers under the FHA insurance program.

To speed the measure to the White House, where its signature seemed assured, House leaders called up the Senate-passed Democratic drafted measure under a special parliamentary procedure which by-passed committee action in the House.

## To Resign from Faculty at HTHS

William E. Harris, member of the Harrisburg Township high school faculty for three years, today announced he was resigning at the end of the present term.

Mr. Harris, automobile shop teacher at the HTHS, stated he was leaving the teaching field and would seek employment as a mechanic.

## Mrs. Monroe Dunham Dies at Eldorado

Mrs. Harriet Emily Dunham, 92, widow of the late Monroe Dunham, died in the home of her daughter, Mrs. Ina Dempsey, in the Parrish addition, RFD 1, Eldorado, at 5:30 a. m. today, following a long illness. In addition to the daughter with whom she made her home Mrs. Dunham is survived by her sons, Roscoe Dunham, Taylorville, and Millard Dunham, Springfield; her daughters, Mrs. Bill Herrin, Princeton, Ind., Mrs. Dave (Edna) Kams and Mrs. George (Edith) Feunauy, both of Eldorado; 17 grandchildren and 12 great-grandchildren. She was a member of Tate's Chapel church.

The body will lie in state at the Martin funeral home in Eldorado and funeral plans will be announced later.

## Killed En Route To Cage Game

CHAMBERSBURG, Ill. (AP) — A Pittsfield man riding to the Springfield-Quincy supersectional prep basketball game at Springfield died Tuesday night in a two-car crash on Ill. 104.

The victim was identified as Frank Dovey, 66. Seriously injured in the wreck was Frank Evans, 22, Quincy, driver of the other car.

Also hurt were Evans' wife, Marjorie, their young son Robert, and Ted Bricker, 16, John Logue, 33, and William Logue, 14, all of Quincy and all passengers in the Evans car.

Dovey was a passenger in a car driven by Roy R. Carmon, Pleasant Hill, who also was injured.

From Aug. 28 to Oct. 2, 1893, tornadoes in the United States killed 3,000 persons.

## Bankers Hail New Federal Reserve Action

NEW YORK (AP) — Bankers today hailed the latest move of the Federal Reserve System in reducing reserve requirements as a jolting shot in the arm for the economy.

The move, a cut of a half percentage point in the amount of money banks must keep in reserve against deposits, will release 490 million dollars in reserves. This can be blown up at least six times to around three billion dollars in credit.

That jump brings to six billion dollars additional credit released in less than a month. At the end of February, the Federal Reserve System cut reserve requirements by a similar amount.

This vast sum will have a chain reaction on the economy, bankers said. The process may take some time — two or three months — to get into swing. But it is expected to be one of the biggest levers possible to lift the economy out of its slump.

Biggest beneficiaries are expected to be the municipalities now raising funds at a record rate for the construction of new schools, roads, sewers, and other public works.

The housing eventually will benefit through release of new funds for mortgages at moderate rates. And it is held in high circles that this industry could be the one which lifts the nation out of its recession.

The U. S. government also will be a big beneficiary since it may be able to float new money bonds

## MARKETS

**LIVESTOCK**  
EAST ST. LOUIS, Ill. (AP) —  
Hogs 10,500; generally 25-50 higher; 180-240 lbs. 21.50-22.00; 190-235 lbs. 22.00-22.25.

Eggs steady to firm; 9,200 cases; white large extras 45; mixed large extras 42; mediums 41; standards 40; current receipts 26 1-2.

NEW YORK (AP) — Tobacco stocks led the market higher today in moderate trading.  
The noon Dow Jones stock averages were: Industrials 450.11, up 2.73; rails 104.73, up 0.53; utilities 72.87, off 0.18; stocks 152.63, up 0.65.

next month at a lower rate.

The bond market will benefit, the experts hold. And they see some spilling over of investment demand into the stock market as a result of the move.

Purchases of short-term municipal bond maturities by banks will put new money into the hands of the sellers who in turn will buy longer term, new municipals. The purchase of municipal bonds gives the banks an added profit in that these issues are tax-exempt.

## Army Prepares For Elvis Arrival

FT. CHAFFEE, Ark. (AP) — The Army assured Elvis Presley fans today that their hero's debut as a soldier will be fully publicized from blood tests to haircut.

The change from blue suede shoes to combat boots will be as fully documented as any other historical event.

Realistically admitting Pvt. Presley won't be "just another GI," the public information office here is preparing for his arrival on March 24 or 25 with enthusiasm usually reserved for approaching command inspections.

But "Operation Haircut" won't be the production one would expect. It seems Elvis accepted the inevitable and had his luxuriant growth sheared closely last week at home in Memphis. His sideburns are gone.

However, the usual Army haircut and other induction ritual will be covered by the press.

Capt. Arlie Metheny, public information officer, said Tuesday a press center for visiting newsmen, photographers and television crews is being established.

"We got loads of letters from girls," Metheny said, "who wanted us to save them a lock of Elvis' hair when he gets a GI haircut."

"I hated to disappoint them, but we couldn't do it," he said.

"I issued a statement saying the hair will go in the trash with all the rest."

The 12-mile pile-trestle bridge across Great Salt Lake in Utah, is the longest railway bridge in the United States.

# LEO RICHMOND

Will Appreciate Your Vote  
FOR County Treasurer

Leo Richmond—

... Is a life-long Democrat. He has worked in every election since 1926.

He has been Precinct Committeeman for four years and a regular contributor to the Democratic campaign fund.

Has experience in County Government as Assistant Supervisor for eight years. This was a part-time job (usually one day a month) and is the only elective office he has ever asked for.

... Is experienced as a business man.

... Is acquainted with Real Estate property descriptions and values.

Leo Richmond pledges that, if he is nominated and elected County Treasurer and Collector of Saline county, he will devote FULL TIME to the duties of his office.

## LEAD WITH YOUR LEFT

by ED LACY

**THE STORY:** Detective David Wintino and Detective Austin of Homicide are going to interview the widow of a retired policeman who was shot in an alley. The murder victim, Ed Owens, was delivering non-negotiable bonds for a brokerage house.

The woman who opened the door was dressed in a clean worn house dress that looked too heavy for May. She was plump, lots of veins in her fat legs, and her moon-shaped flabby face was topped with dirty gray hair braided around her head. Her eyes were red. Austin took off his hat as he asked, "Mrs. Ed Owens?"

"Yes, but if you're reporters I—"

"I'm Detective Austin and this is Detective Wintino."

"Wintino, David Wintino, Mrs. Owens," I told her.

"I know you've been under a terrific strain, an ordeal, but we're on police business, and would appreciate it if you would answer a few questions." The sugar in Austin's voice sounded phony.

"I understand. I'm sorry. I wasn't able to talk much last night. Last night... I still can't believe it. Step inside, please."

Mrs. Owens said, holding the door open.

We walked into an old-fashioned neat living room: a clumsy big radio set with a million dials that probably still ran on batteries, an old seven-inch TV set in a large cabinet, an upright piano, two leather chairs, a couple of plain ones, and a couch that looked hard. Atop the piano there was a picture of a plain-faced girl with fat cheeks, about 18, and a cracked picture in a gold frame of a towheaded boy of about 12.

Mrs. Owens pointed to the leather chairs and we put it down and she sat on the couch and said, "I suppose you want to know about Ed."

"As a police officer's wife, you know we need all the information we can get to help us track down your husband's killer," Austin said like an idiot, as though he was selling some thing. "Do you live here alone, Mrs. Owens?"

"I do now. The Sarasohns who live upstairs have been most helpful, they did all they could for me last night. I even slept up there. My daughter Susan is down in Venezuela. She's wired she's flying up for the funeral. Our son, Edward Junior," she nodded toward the picture on the piano, "was taken from us many years ago. Now Ed... I just can't seem to think straight or believe it. He is dead, isn't he?"

"Yes, he is. I understand what you're going through and I'll try to make the questioning brief as possible. Now..."

"That's all right. I can talk about things. Only at times... Well, when Junior died it was bad but Ed was at my side. Now without Ed I feel lost, alone... kind of empty."

"We're sure Mr. Owens was the victim of a nervous punk but we're not overlooking any other possibilities, of course. Did your husband have any enemies? Did he seem worried?"

"You wouldn't ask that if you'd known my Ed. He was always an easy-going man. His only troubles were financial and he never let them get him down. If anything he was in better spirits than ever lately. A few weeks ago he came home and started dancing me around. 'Janie,' he says, 'we may have that California cottage, he raising oranges soon.' He was—in a gay mood all the time lately."

"About this cottage, do you think he came into some money?" I asked, although as junior man it was up to Austin to do the questioning.

"No. You see Ed had one vice, he loved to play the horses. I didn't mind, a person has to relax some way, I say. Whenever he

## State Collects \$44.5 Million in February Revenue

SPRINGFIELD (AP)—The state Revenue Department said today collections from the state's nine major tax sources totaled \$44,592,331 in February.

The February figure represented an increase of \$2,023,927 over the same month last year, and tax collections so far this year are \$5,593,244 ahead of the same two-month period last year.

The February collections included \$22,552,265 from the sales tax, \$2,218,226 from the use tax, \$2,611,450 from the cigarette tax, \$1,943,174 from the liquor tax, \$11,812,416 from the motor fuel tax, \$81,683 from petroleum inspection fees, \$3,369,587 from the public utility tax, \$3,530 from the tax on coin operated amusement devices. The private car line tax did not bring in any revenue in February.

had a spare dollar or two he would make a bet. Naturally most times he lost but whenever he won, maybe five or 10 dollars he was like a small boy who thinks he has the world by the tail. Ed must have made himself a few dollars and was talking big."

Austin asked, "Is it possible Mr. Owens was playing the races big and might have gotten in over his head with a gambling mob?"

The old lady stroked her coiled braids. "I hope I haven't given you a bad impression of Ed. He wasn't a gambler. He merely played a few dollars now and then like I play bingo."

"Did he drink much?"

"No, sir, beer was all my Ed touched and not much of that. Now A—Mr. Wales—he began to drink something frightful. That was after his dear wife died of cancer back in 1949. Al's a good man but a strange one. He never seemed too emotional about things but he went to pieces when Dora passed on. That was one reason why Ed got him to work at the brokerage house. Did Al a world of good, although he still goes off on a foot at times. Poor Al, he talked to me on the phone last night and actually cried."

"About this brokerage house, did your husband like the job?" Mrs. Owens tried to smile. "He liked the job very much. I think Ed liked most the idea that he didn't have to work. We needed the few dollars he made but we could have gotten along without them too. It was more like it gave him something to do. He liked going to these big offices, the rich houses."

"Why did he carry a gun?" She looked puzzled. "My goodness, Ed's worn a gun every day as long as I can remember."

## Mental Health Workshop at Anna For PTA Districts

A workshop in mental health for Districts No. 14, 16, 17, 18 and 30 of the Illinois Congress of Parents and Teachers will be held at the Anna State hospital, Thursday, March 20, beginning at 9:30 a. m. It was announced today by R. C. Steck, hospital superintendent. The workshop will be an all day meeting and any PTA member is welcome to attend, Dr. Steck said.

The program will start with a welcome by Dr. Steck, followed by "Purpose of the Workshop" by Mrs. Jessie Potter, mental health chairman, Illinois Congress of Parent Teachers. Don Ingle, director, Audio-Visual Aids, Southern Illinois University, will discuss the "Proper Use of Aids." Charles R. Meeker, assistant deputy director, Department of Public Welfare, Springfield, will talk on "Aids Available" (film and literature).

Following a morning coffee break Dr. Leonard Horecker, Clinical director, Anna State hospital, will discuss "Mental Illness."

The noon luncheon will be held in the Employees' cafeteria at the hospital after which Mrs. Lena

## Humane Society Explains Policy of Picking Up Animals

The Harrisburg Humane society, because of some apparent misunderstandings, today explained its policy regarding pickups of dead or dying animals in the city of Harrisburg.

Recently, the society said there have been some cases of refusal to pay for the pickup and disposal service on the part of owners although ownership of the animals was admitted.

The society explained that the group gets some compensation from the city for picking up animals, dead or alive, within the city when they are stray animals or ownership has not been established.

However, when definite ownership on a dead or dying animal is established, both the society and the city of Harrisburg expect the owner to pay for services rendered because the animal is the owner's responsibility. Chief of Police Ross Lane said the Police department would back up the society on this policy.

Regarding picking up of live animals from persons who ask this service from the society and the acceptance of such animals at the Humane Society shelter, the society asks for donations to help with the work, including the supplying of food for the dog turned in. However, animals are not turned down because a donation is not given, it was stated.

# Herrin Edges W. Frankfort In Thriller, 76-75

## Tigers and Rock Falls Pace Winners in Eight Supersectional Tilts

**By United Press**  
The soaring Rock Falls Rockets and defending champion Herrin, winner of a thrilling come-from-behind triumph over West Frankfort, today paced the field of eight supersectional survivors advancing to Friday's quarter-final round of the state high school basketball tournament at Champaign.

Other supersectional winners Tuesday night were Chicago Marshall, Peoria Spalding, Aurora West, Highland, Springfield, and Danville Schlarman.

The top thriller was Herrin's 76-75 victory over West Frankfort before a crowd of more than 5,000 on the West Frankfort floor.

The Tigers jumped off to a 42-36 halftime lead, but then faltered and fell behind by 8 points with only 2½ minutes left in the game. They closed the gap to 1 point and then sophomore center Gene Turni popped in the winning basket in the last 15 seconds.

Turni led Herrin's scoring with 22 points, but West Frankfort's Francis Florian was high for the night with 26.

**Marshall Run Away**  
Herrin Friday will immediately run into another tough hurdle in its bid for a second straight state crown. The Tigers collide in the second game on Friday night's card at Champaign with the Chicago Marshall Commandos, who Tuesday ousted Elgin by a surprising 63-43 at Evanston.

Marshall, the only perfect-record team left in the tournament with a 27-0 record, took a 25-23 halftime lead, then ran away from the Maroons as 6-5 center George Wilson netted 26 points. Flynn Robinson was high for Elgin with 20 points.

Rock Falls rocketed to its 31st victory in 32 games by blasting the Fulton Steamers, 74-62, at Moline to gain the right to oppose Danville Schlarman in the first game of the afternoon schedule at Champaign Friday.

The Rockets were never in trouble and zoomed to a 20 point lead at one point in the third period. Jim Cain led the Rock Falls attack with 20 points, but Fulton's Mike Woods was high for the night with 23.

Schlarman ended the hopes of little Arcola by whipping the Purple Riders, 75-57. Arcola had pulled a surprise by winning in the sectionals. Schlarman forced a lead in the first quarter of the

game at Decatur and led the rest of the way as Bob Davis collected 28 points and teammate Jerry Kuemmerle bagged 27. Ed Harshbarger topped the Arcola point production with 20.

**West Nips Bradley**  
At Springfield, the host Capital City Senators trailed throughout the first half but came back strong to dump Quincy 46-37 and move into Friday's round against Aurora West. Springfield's 6-7 junior center Tom Cole was held scoreless in the first period and got only 5 points in the first half. But he poured in four quick baskets early in the third quarter to put the Senators ahead for the first time and then he kept them there.

Cole scored 23 points for the winners, while sophomore center Bumpy Nixon paced the losing Blue Devils with 13.

Aurora West clinched a nip and tuck 57-54 victory over Bradley on a free throw in the closing minutes by guard Bill Small. It was a close battle all the way with the game tied 12 times and the lead changing hands 17 times.

Small captured scoring honors for the night with 28 points, and Harold Emme was high for Bradley with 17. At Peoria, the Peoria Spalding Irish used free throws and a well-timed stall to eke out a 49-44 victory over Ottawa's Pirates. Guard Francis Clement, who led Ottawa to third place in the state last year, paced the Pirate attack with 19 points, and Dave Ekender was high for Spalding with 15.

Spalding Friday will meet Highland, which squeaked to a 49-46 overtime decision over Jerseyville at Salem.

Warren Moore sparked the Highland victory with 18 points including the crucial tallies in the overtime. Bill Wallace led the losers with 13 points.

## Stokes Still Unconscious

CINCINNATI, Ohio (AP)—Cincinnati Royals star center Maurice Stokes, believed to be suffering from sleeping sickness, still was unconscious Monday night. Team physician Dr. Benjamin Hawkins predicted that Stokes would recover and play basketball. "But," he said, "there seems small prospect of his making a quick recovery."

Stokes was rushed to St. Elizabeth's hospital at nearby Covington, Ky., Saturday after he collapsed aboard a plane from Detroit.

## Tigers Seeking Second Straight Illinois Title

### Come from Behind To Gain Victory In Final Minutes

Herrin goes to Champaign Friday seeking its second consecutive Illinois high school state basketball championship. The Tigers earned their way into the quarter-finals by nipping West Frankfort in Tuesday's supersectional game 76-75.

The approximately 5,000 fans jammed into the West Frankfort gym for the game between the southern Illinois basketball giants are convinced Herrin can give any team a real tussle.

Last night the Tigers performed as champions should — the greater the pressure the better the performance.

Down 74-66 with less than three minutes to go most of the fans thought Herrin had reached the end of the road. But the Tigers continued to play smooth, near perfection ball.

In the next couple of minutes Herrin scored four times from the field, with Gualdoni and Turni each getting one and Ward, who entered the game after Box fouled out at the 3-minute mark, getting two. West Frankfort had only one point during the period, a free throw by Britton and with a minute to go Herrin trailed only 75-74.

But West Frankfort controlled the ball as the clock went in the red and it still looked like a Herrin defeat.

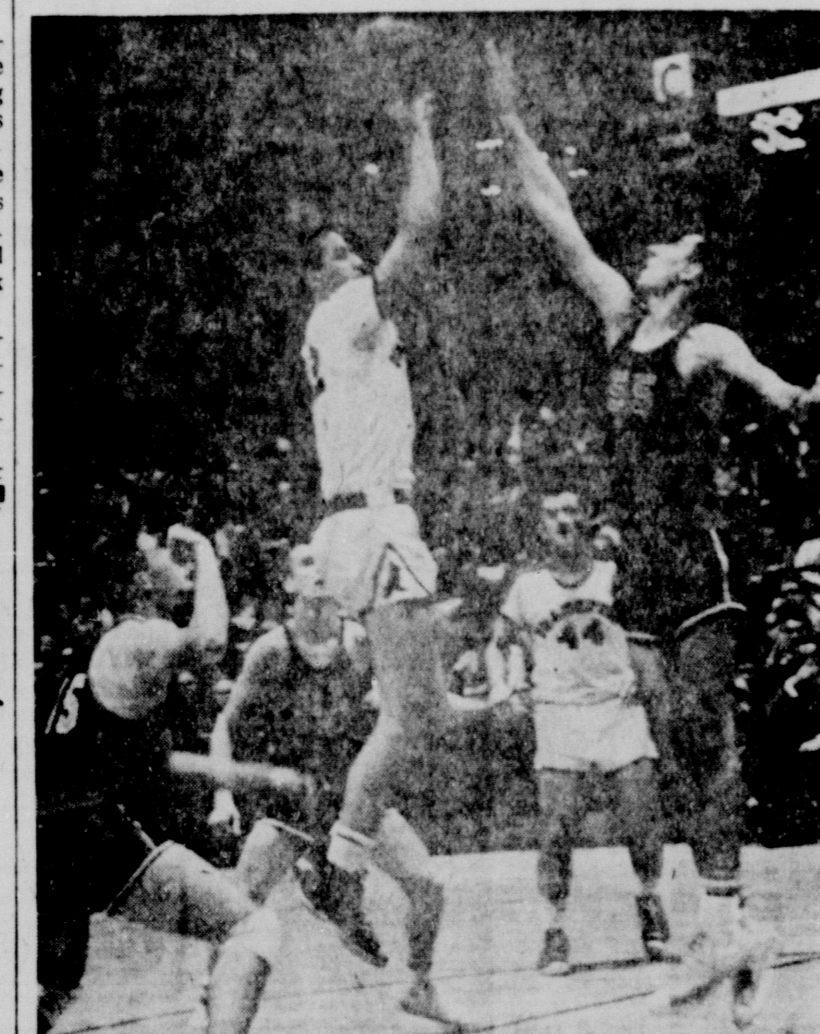

At the :38 mark Francis Florian, who had potted ten long field goals for Frankfort, cut loose with a 25-footer and missed. Herrin got the rebound, called time out, then went into a control game, waiting for one good shot. It came at :12, when Turni found himself just an arm's length from the basket. He connected and Herrin was on top 75-75.

There was still time for Frankfort to get off two desperation shots, but both missed and Herrin was still very much alive in the race for state basketball honors.

Herrin won on a great team effort, but Gene Turni, 6-6 sophomore center, claimed individual honors. He not only scored the winning basket, but topped Herrin's offensive with 22 points and outplayed West Frankfort's pivot man — Vlado Zavich — in every phase of the game. Turni out-tipped Zavich at the start of every quarter and controlled the rebounding at both ends of the court, while holding his opponent to only 5 points, including a single fielder.

Kindness is the art of loving people more than they deserve.

**BIG BOYS BATTLE**—Vlado Zavich, West Frankfort's 6-6 pivot man, goes up for a jump shot, but is closely guarded by another 6-6 player, Gene Turni of Herrin. Left foreground is Doughty (45) Herrin. Also identifiable are Box of Herrin (21) and Florian (44), West Frankfort. (Register Photo by Ed Seright)

## Kubek Leads Yanks to 7-3 Win Over Tigers

**By United Press**  
The New York Yankees' American League rivals can forget about any so-called "sophomore jinx" as far as Tony Kubek is concerned.

Kubek, the league's rookie of the year in 1957 when he played four positions, is playing shortstop this spring but doesn't figure to start the season there. Instead, he's expected to take over at second.

Regardless of where he plays, the 22-year-old native of Milwaukee continues to swing that "educated bat."

Tuesday, for example, he lashed out two triples and two singles as the Yankees stretched their winning streak to five games with a 7-3 triumph over the Detroit Tigers. Rookie Mark Freeman, Bobby Shantz and Zack Monroe held the Tigers to seven hits, with all three runs coming off Shantz.

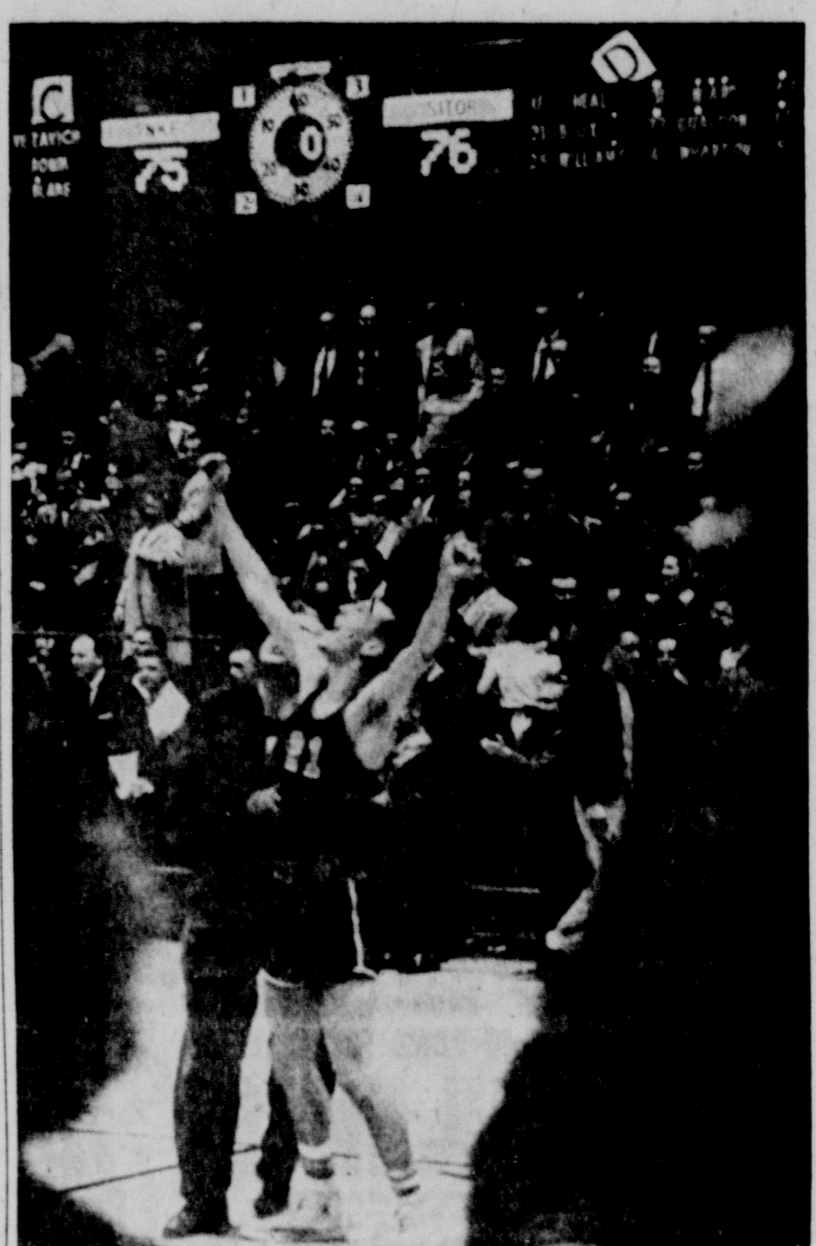

**White Sox Downed**  
The Chicago White Sox' four-game winning streak ended when the Washington Senators combed three rookie pitchers for nine runs in four innings en route to a 10-0 victory.

The Philadelphia Phillies blasted four homers off ex-teammate Harvey Haddix and whipped the Cincinnati Redlegs, 6-3. Rip Repulski, Frank Herrera, Wally Post and Willie Jones were the homer-hitters while rookie Ray Semproch pitched five shutout innings for the Phillies.

Gil Hodges singled home the winning run in the Los Angeles Dodgers' 5-4, 13-inning win over the Kansas City Athletics but manager Walt Alston sweated it out until X-rays disclosed no fracture to pitcher Clem Labine's right ankle. Labine was hit by a liner off the bat of Bob Cerv. He left the game but is expected back in action in a few days.

**Orioles Win**  
Charley Beamon and Hector (Skinny) Brown combined to hold the San Francisco Giants to eight hits as the Baltimore Orioles scored a 1-0 victory. The Cleveland Indians, sparked by Fred Hatfield's two-run triple in the fifth inning, downed the Chicago Cubs, 6-4, and the St. Louis Cardinals beat the Boston Red Sox, 3-2.

The Daily Register, Harrisburg, Illinois  
Wednesday, March 19, 1958 Page Nine

**RICHARD BOX**, Herrin's great guard, led the victory celebration following Herrin's dramatic win from West Frankfort 76-75 Tuesday night. Box, who fouled out with three minutes remaining, had been the picture of absolute dejection, sitting on the bench holding his head in his hands. But the transformation was complete when his teammates won out with only 12 seconds left to play and Box went from dejection to wild joy. (Register Photo by Ed Seright)

## Fight Results

**By United Press**  
**MIAMI BEACH, Fla.** — Larry Boardman, 141, Marlboro, Conn., stopped Kid Centella, 139, Los Angeles (5).
